

Summer Teacher Training

2010 Course information will
be available soon!

Does your summer include
learning about agriculture?

Do your students know where
food comes from?

Don't miss this chance to go
on Farm Tours– Interactive
Classes– Farm Technology
Days– Wisconsin State Fair!

K- 12 grade teachers,
agriculture education
teachers, 4-H and extension
personnel, pre-service
students and home school
parents will all benefit from
learning more about
agriculture and how to
integrate it into your
curriculum, lessons and
activities!

Options Available

Which one is for you?

- 3 graduate credits
- 1 graduate credit
- Possible
undergraduate credits
- In-service only
