To: AITC County Coordinators
From: Darlene Arneson
Subject: Fall Conference Call Follow-Up
Date: October 22, 2009

Thank you to those that participated in the Fall County AITC Conference Calls. We had eight very productive calls and hopefully updated everyone on our fall programs, contests, grants, and other AITC opportunities.

We offered the conference call option to help coordinators that find that traveling distances to meetings, responsibilities at home or with family, or lack of time were prohibiting their attendance at our usual Fall AITC Information Meetings held around the state. I am curious to see if this format was better for you, why some didn't participate, and what suggestions you have for future training and outreach assistance to you.

Please fill out the questions below and mail them back to me (see address above) or you can email me your feed back as well. No names are needed- I'd just like your input and feedback!

Thanks
Darlene Arneson, Coordinator

Fall 2009 AITC Conference Call Feedback

Did you participate in a conference call? Yes No

If no, why not? Forgot about it None of the 8 times worked for me

Didn't understand the call in process Prefer meetings vs. phone calls

Other, please list

Would a spring conference call be helpful? They could be before essays are due, matching grants are due, and to update on summer teacher training. Yes No

Please use the back side of this to share your thoughts on other training, meetings, website assistance, email updates or other tools that would be helpful to you as a county AITC coordinator!
