

Wisconsin Fresh Market Vegetable Growers Association

<https://www.wisconsinfreshproduce.org/>

Welcome to the Wisconsin Fresh Market Vegetable Growers Association.

Membership in the WFMVGA is open to anyone who has an interest in growing and marketing fresh market vegetables. Our membership is made up of large commercial growers and backyard hobbyists alike.

The purpose of the association is to promote and protect the general welfare of the fresh market vegetable producers, to arrange and hold meetings for educational purposes, to cooperate with other state associations engaged in similar purposes, to cooperate with the University of Wisconsin, and to be a voice for the fresh market vegetable industry in Wisconsin.
