Tuesday, August 2, 2022

9:30 AM - 3:00 PM

Farm Wisconsin Discovery Center

7001 Gass Lake Road, Manitowoc

**Register
by July 18**

What is the Ag Immersion Experience for Educators?

This day-long experience is designed to bridge science concepts with real-world agriculture applications in soil, water and waste management.

Who should attend?

K-12 educators who teach science including environmental science, biology, ecology, chemistry and Earth science are invited and encouraged to attend.

What is the cost?

Registration is FREE - courtesy of generous sponsors. Registration includes all materials, buffet lunch, coach bus transportation to farm tours, admission to Farm Wisconsin Discover Center and Classroom Connections Kit.
